

Programme Kick-off meeting

1-2 October 2025, Hotel Odelya, Missionsstrasse 21a, 4055 Basel

1 Aims

- Researchers, the Steering Committee and the Head of Knowledge exchange get to know each other and the projects better.
- The research teams are aware of the programme content, important milestones and the support they receive from the Steering Committee, the Head of Knowledge Exchange and the SNSF Office (repetition / consolidation of information from welcome meeting).
- The researchers know what is aimed for in knowledge exchange and what the most important measures will be; start of the Community of Practice (CoP). Everyone understands what the knowledge exchange will achieve and what they can contribute to it.
- The researchers had the opportunity to discuss potential synergies (launch of the CoP) For example some projects might develop tools/methods or collect data that could be useful for others or could collaborate to have a larger dataset.
