83 NRP

Gender Medicine and Health
National Research Programme

Programme Welcome meeting

12 May 2025, 13-16h, online (MS Teams)

1   Aims

- All participants in NRP 83 have been welcomed: Research teams, the Steering Committee, the Head of Knowledge Exchange, the Representative of the Federal Administration, the Research Council Delegate and the members of the SNSF Office had the opportunity to get to know each other for the first time.
- Everyone knows the organisational basics of NRP 83.
- The research teams are aware of the NRP 83 content, important milestones, important topics at federal level, and the roles of the Steering Committee, the Head of Knowledge Exchange and the SNSF Office.
- The research teams had the opportunity to give a very brief introduction to their research projects: Everyone has a picture of the project landscape - i.e. the topics covered by the programme.

2   Agenda

15h55	Outlook and Conclusion
16h00	End of the meeting

Swiss National Science Foundation

3   Preparatory work

During the meeting, each project team will be asked to present their research project orally. The presentation should be in **elevator pitch** style, **no slides** and **maximum 3 minutes**. The aim is to get an overview of the project landscape of NRP 83. Please include information on who the project is for (user group of project results), what the project does (subject area), as well as how it is done and why it is important.

In case you are already curious about the various projects of NRP 83 before the meeting, you find all project descriptions on the NRP 83 website and scientific data on the SNSF data portal.

4   Registration

Please register for the Welcome meeting here. You will then receive a registration confirmation and the connection link. For organisational reasons, we kindly ask you to register until 5 May 2025.
